

Our Protosorb™ Magnesium Product has a New Name: Magtein®

Protocol For Life Balance® Magtein®, formerly known as Protosorb™ Magnesium, features the active ingredient magnesium-L-threonate. Here are a few of the reasons why this brain health product is so effective:

Bioactive compound

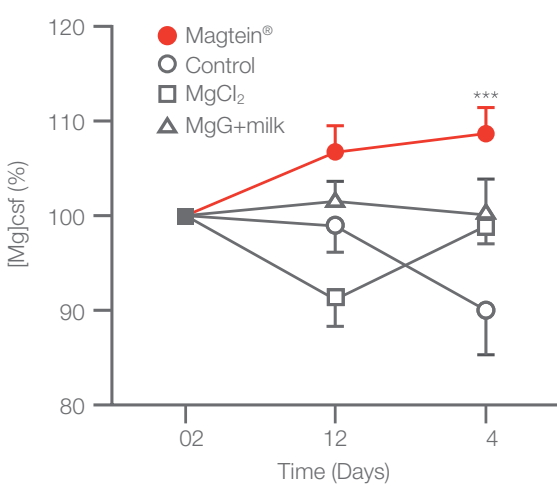

Magnesium L-Threonate

1 serving (3 veg caps) = 2,000 mg Magtein® including 144 mg elemental magnesium

Bioavailable Compound

Delivers magnesium to the central nervous system^{1*}

Promotes Healthy Cognitive Function^{2*}

Supports healthy learning and memory^{1*}
May help to promote a relaxed mood^{3*}

At Protocol For Life Balance®, we believe that offering the best possible ingredients gives practitioners the ability to recommend products that are both innovative and safe. Our Magtein®, formerly known as Protosorb™ Magnesium, is a clinically studied form of magnesium shown to reach the brain to support healthy cognitive function.* As a practitioner you can confidently recommend our Magtein® to your patients who wish to replenish their magnesium stores, especially in the brain.*
