

## Protocol is proud to introduce its latest personal care product: CBD Cream

CBD cream is non-greasy with 1,000 mg cannabidiol (CBD) per tube and is enhanced with the spicy, soothing essences of arnica, menthol, and capsaicin. It also contains methyl salicylate, camphor, peppermint oil and MSM for added efficacy.

### Key Ingredients

Many of these key ingredients have a long history of use for topical applications:

- Broad Spectrum Hemp Extract with 1,000 mg CBD per 4 fl. oz. tube<sup>1</sup>
- Methyl Salicylate<sup>2</sup>
- *Arnica montana* Flower Extract<sup>3</sup>
- Camphor<sup>4</sup>
- Peppermint Oil<sup>5</sup>
- Menthol<sup>6</sup>
- MSM<sup>7</sup>
- Capsaicin<sup>8</sup>
- *Simmondsia chinensis* (Jojoba) Seed Oil

### Soothing Cream for Joint & Muscle Areas

- Ideal for active individuals to apply to joint & muscle areas of the skin after intense exercise
- Non-greasy application for ease of use anywhere, anytime
- Pleasant fresh, minty & camphoraceous scent

At Protocol For Life Balance®, we believe in offering products with the best ingredients. Our brand new CBD cream offers a blend of CBD and other active ingredients, that combined with Jojoba oil, create a product that feels fresh and luxurious when applied to the joint and muscle areas of the skin. Its non-greasy texture allows for an easy application for your active patients in need of a cream that will absorb and act quickly.

Some states have restrictions regarding the sale of CBD topicals, call your Protocol For Life Balance® sales representative for more information about the availability of this product in your state.
