

Protocol is proud to introduce its newest immune support product: **Quercetin with Bromelain.***

Key Ingredients

Per 2 vegetable capsules:

- 800 mg Quercetin
- 165 mg Bromelain (2400 GDU/g)

Quercetin + Bromelain: a complementary blend for immune support*

- 1000 mg/d supplementation with quercetin for two weeks in healthy young athletes results in a decreased post-exercise TNF- α response than placebo, as well as changes in immune cell response vs. placebo.*¹
- Bromelain is well known for its proteolytic and immunomodulatory effects.*²

At Protocol For Life Balance®, we believe in offering products with the best ingredients at clinically relevant dosages. Our new Quercetin with Bromelain is formulated to offer a powerful formula to support normal immune function.* As fall will shortly be upon us, Quercetin with Bromelain is the perfect combination for your patients needing strong immune support during fall and winter months.*
