

Protocol is proud to introduce its most powerful Resveratrol.

Key Ingredient

600 mg *trans*-Resveratrol

Bioavailable Compound

After ingestion of 500 mg resveratrol C_{max} : 71.18 ng/mL, T_{max} : 1.34 hours, $T_{1/2}$: 5.11 hours.

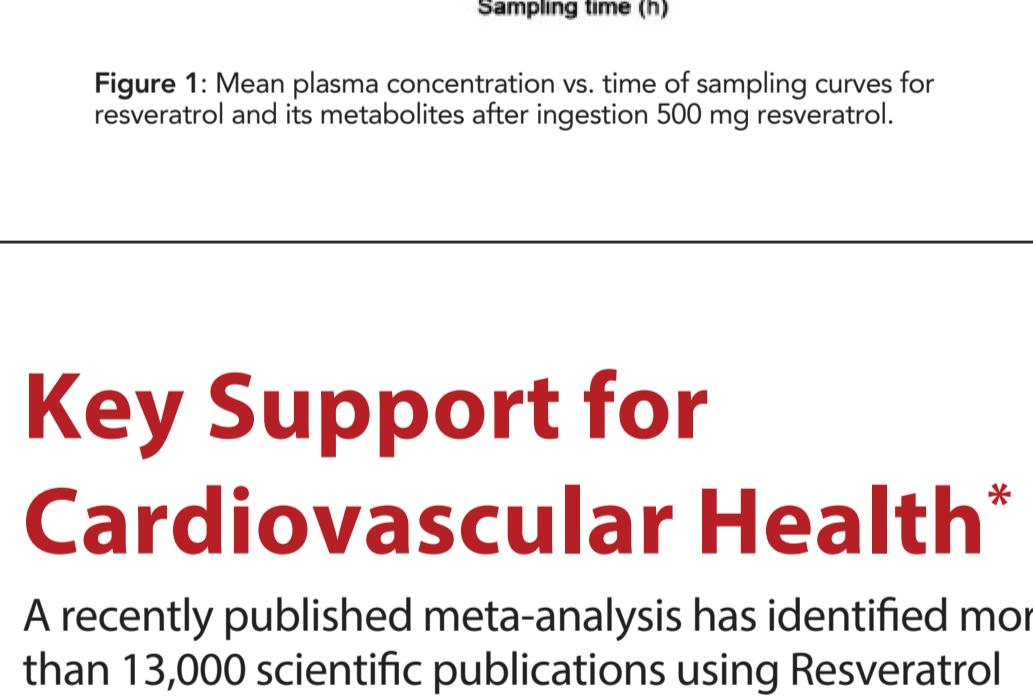

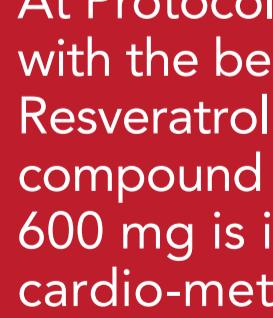

Figure 1: Mean plasma concentration vs. time of sampling curves for resveratrol and its metabolites after ingestion 500 mg resveratrol.

Key Support for Cardiovascular Health*

A recently published meta-analysis has identified more than 13,000 scientific publications using Resveratrol since 1997.²

Clinical studies have mainly investigated the role of resveratrol on glucose metabolism, cardiovascular health, cardio-metabolic health, response to biological stress, cognitive and cerebrovascular function.^{2*}

At Protocol For Life Balance®, we believe in offering products with the best ingredients at clinically relevant dosages. Our Resveratrol 600 mg offers a powerful dose of this well studied compound with multiple health advantages.* Our Resveratrol 600 mg is ideal for your aging patients needing extra cardio-metabolic support.*
